How to vote at the TA Unit Assembly!
Step 1:

You will receive two emails: one with a password, and one with a credential. Both will have a link to the election!

Click the election link in either email.

(Don’t see an email? Check Spam, or just search ”Belenios” in your inbox.)
Step 2:

You’re now at the election page! Click "Start."

Remember, you’ll need the credential and password from your inbox, so keep your email handy as you get ready to vote!

Step 8:

Done! You’ve voted.

Make a mistake? No stress! The Belenios system lets you go back and re-vote, but only one vote will count: the most recent. So, if you chose Chez Claudette, and then voted again for La Banquise, only the La Banquise vote would count.
FAQ

Why can’t we just use Zoom polling?
AGSEM is a labour union, and must abide by Québec regulations on binding labour union votes. A Zoom poll would not be a secret ballot vote, and would not be properly secure.

Why do we have to vote at the meeting? Can’t we just vote afterwards?
AGSEM has to abide by Québec regulations on binding labour union votes. This means that AGSEM members must vote during the meeting itself. Just like an in-person AGSEM vote, the meeting will be locked during the voting process, with no one allowed in (and no one should leave the meeting). PGSS and student groups can vote differently, as they are not labour unions.

I’m really bad with technology, what happens if I need help voting?
We’ll have people there to help! You can reach out in the Zoom chat by contacting a designated tech support person, or email mail@agsem-aeedem.ca (we will be checking this inbox throughout the assembly).
